NFAN CONFERENCE GOLD SPONSOR

S. Gregory & Co

Stands 1, 2 & 3

www.s-gregory.co.uk

Founded in September 1956 by Stanley Gregory, he borrowed a few hundred pounds, and spent half of it on a van and the rest on stock. He was probably one of the original van sales people.

s.gregory
& Co.

We are still very much a family business with his daughter Jill and her husband Thomas now running the business. Things have changed in that the range of goods now carried is a far cry from the stationery originally stocked. Toys, gifts and especially soft toys are the order of the day. We now have what we consider to be the best range of soft toys available through a distributor in this country. Added to this, the super novelty money boxes, egg cups and salt and pepper sets from Oriental Ceramics, makes us an ideal one stop shopping experience for all your stationery, toys, soft toys and gifts.

Stanley Gregory had a simple idea that, if you looked after your customers they would in turn look after you. We at S. Gregory & Co endeavour to maintain that tradition.

David Taylor Design

www.taylordesignandplay.com

Stands 29 & 30

Here at David Taylor Design, we have a huge amount of experience in the design and manufacture of Indoor and Outdoor Play Equipment that goes back over thirty years. We have been producing inspirational play areas for Councils, Schools, Nurseries, Holiday Parks and Farm and Family

Attractions throughout the UK and continue to see our presence grow internationally as we supply our proven product to major corporations in Europe, Asia and South America.

Fun and entertainment are always at the heart of our designs but we also strive to develop children's minds with role and creative play being a very important feature of what we do.

We look to create 'Play Attractions' that stimulate children's imaginations rather than just 'Play Areas'. As a result of our creativity, we have lots of evidence that tells us the length of time both children and adults spend within the facilities is extended, resulting in an increase of the very important secondary spend.

More importantly though, we make sure that the play experience is a memorable one that both children and adults will want to visit time and time again. We always try to add a little extra and our aim is to create their very own 'Favourite Place in the Whole Wide World'.

Visit our website www.taylordesignandplay.com if you'd like to see our products and, if you'd like more information about how we might be able to add something to your business, give us a call or e-mail us at info@taylordesignandplay.com

We'd be delighted to hear from you and would love to tell you how we might be able to help improve your visitor experience.
