Health & Safety for Farm Parks

SUBSIDISED WORKSHOP

Thursday 5th March 2015, 9.30am – 4pm
White Post Farm, Farnsfield, Nr. Mansfield NG22 8HL

ABOUT THE PILOT WORKSHOP

NFAN, working with LANTRA, have been able to secure funding from DEFRA to run a pilot workshop focusing on health & safety and the application of the Industry Code of Practice.

- Do you want to improve management of health and safety?
- Learn how to apply the principles of compliance in your business?
- Would you like to improve your visitor experience?
- Would you like to meet or exceed the Industry Code of Practice?

The workshops led by Ray Hipkin a Chartered Safety Practitioner are for business owners, managers and those responsible for Health and Safety management and will look at **Facility Layouts**, **Play Equipment** and **Controlling Animal Contact Areas**.

The workshops are practical and tailored to the needs of farm attractions – you'll leave with a whole range of ideas, hints and tips which you can put into practice straight away back at work. Everything covered on the course is geared to helping you improve.

This is a pilot workshop. We hope to be able to run more courses later in the year, but this is subject to the next round of RDPE funding.
