Health & Safety for Farm Parks

Wed 27th April 2016, 9.30am – 3.30pm, Spring Barn Farm, Sussex

Wed 28th Sept 2016, 9.30am – 3.30pm, National Forest Adv Farm, Staffs

ABOUT THE WORKSHOP

Following a successful pilot course last year NFAN is running two workshops this year focusing on health & safety and the application of the Industry Code of Practice.

- Do you want to improve management of health and safety?
- Learn how to apply the principles of compliance in your business?
- Would you like to improve your visitor experience?
- Would you like to meet or exceed the Industry Code of Practice?

The workshops led by Ray Hipkin a Chartered Safety Practitioner are for business owners, managers and those responsible for Health and Safety management and will look at **Facility Layouts, Play Equipment** and **Controlling Animal Contact Areas**.

The workshops are practical and tailored to the needs of farm attractions - share experiences on how we identify hazards and their causes as well as some of the tell-tale signs that tell us when we need to take action.

You'll leave with a whole range of ideas, hints and tips which you can put into practice straight away back at work.

WED 27th APRIL, SPRING BARN FARM

During the course, practical sessions will take place around Spring Barn Farm, a mix of visitor attraction, farm shop, restaurant, campsite and working sheep farm. You will share experiences on how we identify hazards, look

at good practice and discuss how it is maintained, including different approaches you can take to meet and exceed the Industry Code of Practice.

Spring Barn Farm, Kingston Rd, Lewes BN7 3ND
Tel: 01273 488450 www.springbarnfarm.com

WED 28th SEPT, NAT FOREST ADV FARM

During the course, practical sessions will take place around the National Forest Adventure Farm.

First opened as a Maize Maze, it became a farm park in 2011. There are outdoor play areas, indoor soft play, animal barns and outdoor animal pens. You will share experiences on how we identify hazards, look at good practice and discuss how it is maintained, including different approaches you can take to meet and exceed the Industry Code of Practice.
