## ABOUT THE WORKSHOPS

Following last year's sell out courses NFAN is running three workshops in 2018/19. The Workshops cover Health & Safety at farm parks and how to safely manage animal contact under the Industry Code of Practice.

- Do you want to improve management of health and safety?
- Learn how to apply the principles of compliance in your business?
- Would you like to improve your visitor experience?
- Explore ways to manage animal contact using the Industry Code of Practice?

The workshops, led by Ray Hipkin a Chartered Safety Practitioner, are for business owners, managers and those responsible for Health and Safety management and will look at **Facility Layouts, Play Equipment** and **managing Animal Contact Areas**.

The workshops are practical and include a tour around the host venue with the opportunity to share experiences on how we identify hazards and their causes as well as some of the tell-tale signs that tell us when we need to take action.

You'll leave with a whole range of ideas, hints and tips which you can put into practice straight away back at work.
